## BUILDING SAFETY CERTIFICATE

This is to certify that I, Narayan Patel, Deputy Executive Engineer, (R&B) Sub- Division-I, Sambalpur, has thoroughly inspected all the buildings of Madanawati Public School, managed by Madanawati Charitable Trust situated at Ainthapali, over Plot No. 219 of Mouza – Ainthapali, District – Sambalpur (Odisha) on 05-07-2019.

I found that, all the building structures is in structural safe condition. Buildings had been constructed as per the provisions of National Building Code taking into account the safety factors like cyclone & earthquake etc. There is ample provision for open space & drainage as well.

It is my considered opinion that the school buildings structures are safe, sound & stable condition.
